Yes. Once you activate the Digital plan or above, you will see a button in the app or on the website to refer dependents*. Complete the form with their information, and we will email them to invite them to get started. Each of your dependents will choose their own plan at standard Wellhub rates and complete their purchase (dependents are not eligible for the Morgan Stanley subsidy). They do not have to choose the same plan you have. You will need to pay for your dependents; however, there is an option to enter different credit cards. Plan prices are per person. *A dependent is defined as your spouse, domestic partner or child of any age. Membership Tiers/Plans

Subsidy How does the Morgan Stanley subsidy work? Wellhub has various membership tiers, including a free virtual-only tier. You pick the option that's right for you based on price and the gyms and studios you want – and Morgan Stanley pays 50% of your membership. The subsidy is already reflected in the price plans you see on the Wellhub app or on desktop.

May I use the Firm subsidy at any gym? No. The subsidy may be used only at gyms and studios in Wellhub' network. If your gym is not in-network, you can recommend it to Wellhub for inclusion. Although there is no guarantee all gyms members recommend will be added, Wellhub grows its network of gyms regularly.

My favorite gym/studio isn't part of the Wellhub network, may I add it? We take (and love) referrals. Our Gym Partnerships team is constantly working to expand our network.

To submit a referral, log on to your Wellhub

account on the app or website, click your account profile and scroll down until you see 'Refer a facility'. Share any information you have about the gym or studio and we'll update you if it is added to the How quickly will my referred facility be included in the Wellhub network? to access the app.

Using Wellhub How do I book a class at an in-person facility? Visit the fitness facility's page on the Wellhub app or website, and follow the instructions for that facility. Many facilities let you book classes right through the app; others may require you to call or email the gym or studio. Note: You may visit an in-person facility only once a day.

How do I book a live class? Every live class can be booked right on the Wellhub app. Once you open the app, click on the explore tab and select live classes. There you will see the options of live classes offered from various partners. Click on 'Confirm your booking' once you have identified the class you would like to take and you will receive a link via email to join the live class.

What happens in cases of late cancel or no-show?

Our partnered studios and gyms have their cancellation policies, and they may differ from each other. To avoid missing your daily check-in, cancel your booking within the partner's allowed cancellation period. You can find this information on Bookings in the app or your booking confirmation email. In cases of no-shows, the check-in will be counted, and you will not be able to access another class, gym, or studio on the same day. If you cancel a booking at short notice or don't attend the class 4 times in one month, new bookings will be automatically blocked until the end of the month. Your check-in for partners that do not require an advanced booking will still be available. Only new bookings will be blocked until the end of the month.
